Confirmation Letter

To whom it may concern

Sir/Madam

Kindly receive this communication as confirmation of our relationship with Office45 (Educational Informative Announcement sharing app). We have since developed a mutual beneficial relationship with Office45. We have utilized Office45 services on a 4 months trial period. We have noted a positive change in both attitude and performance of our learners as the app has improved communication between learners, teachers and SMT.

We recommend that you accord to them any assistance they might require from you, since the company is doing a splendid work. The company may improve to greater heights if they could be assisted with hardware, travelling, registration and data.

We wish to thank you in advance for your positive response and cooperation.

Yours in the advancement of quality public education and integration of technology to education in order to achieve South Africa's developmental goals.

Mr B. Nkosi

Principal Mvuzini Secondary School ([+2776 246 4742](tel:+27762464742))
